B) The proposals of the Dy Commrs & Chairmen of the 3 districts of Hassan, Kadur and Shimoga differ from one another and are as follows:-

Hassan District:- The M. D. Committee may be made a branch of the District Board and the grant now allotted to the M. D. Committees placed at the disposal of the District Board for natural improvement purposes only, all works like now carried out by the M. D. Committees being taken over by the District Board for maintenance.

Kadur district. All initial expenditure for works should be met by the M. D. Committees. As regards maintenance of works and with the Local Boards existing within their limits, the Local Board should meet the charges to the extent their funds permit and a grant should be made from M. D. funds to the extent to which the Local Board cannot meet such charges.

Shimoga district. If, as at present, Local grants are to continue to be allotted for natural purposes, the M. D. Committees are necessary to

Sir,

Referring to your letter No. G. 26124-6/Sany. dated 17th May 1920 requesting me to forward a draft Scheme defining the relations between District Boards and Malnad Improvement Committees, I have the honor to state that the subject was first referred to the Hassan District Board for opinion. A Sub Committee was appoint-ed to consider the question and they resolved unanimously that the Malnad Improvement Committee be made a branch of the District Board just like Economic Development Branch, that the grant now being made to the Malnad Improvement Committee be placed with the District Board for carrying out improvement works solely in malnad and that the works carried out hitherto by the Malnad Improve-ment Committee be taken over by District Board for -- future maintenance. The report of the Sub Committee was adopted by the District Board without a dissentient voice after discussion.

2. When the question was placed for discussion before the Malnad Improvement Committee on the 5th instant, Mr. B.Krishna Singh moved a proposition suggesting the desirability of continuing the Malnad Improvement Comittee as at present. The proposition was put to the vote

VI. Read Chief Secretary's letter No. G.26124-6/Sany. dated 17th May 1920 requesting to forward a draft Scheme defining the relations between District Boards and Malnad Improvement Committees.

Also read the resolution of the Hassan District Board which is as follows.-

" The report of the Sub Committee is unanimously adopted by the District Board".

Report of the Sub Committee.-

The Sub Committee resolved unanimously

(1) That the Malnad Improvement Committee be made a Branch of the District Board as in the case of the Economic Development Branch.

(2) That the Government be requested to place the grant now being made to the Malnad Improvement Committee with the District Board for malnad Improvement purposes.

(3) That the works carried out by the Malnad Improvement Committee till now be taken over by the District Board for future maintenance.

(4) That the grant given by Government for malnad Improvement be solely devoted for the special purpose.

The following proposition was moved by Mr. Krishna Singh.

" In the interests of improving the malnad tracts, it is necessary that a special Committee that exists at present should continue to work to fulfil efficiently the aims and objects with which this Committee was started. In case it is amalgamated with the District Board, all the efficient work that was carried out hitherto in particular directions will be lost sight of. It does not seem to be expedient to create a relationship between this Committee and the District Board".

Mr. Woothiah, District Forest Officer supported the motion.

The proposition was put to the vote and negatived by 5 to 4

Sir,

With reference to your letter No.G.26124-6 Sany. dated the 17th May 1920 I have the honour to state that the question was referred to a strong Sub Committee representing both the District Board and the Malnad Improvement District Committee. A copy containing the views of the Sub Committee is attached.

2. The question was then carefully discussed at meetings of both the District Board and the Malnad Improvement Committee and both bodies were of opinion that the precise relationship between the two bodies would depend largely on the policy which Government may adopt on the question of the development of the Malnad. They considered that if as they hoped the Government should continue the policy of giving liberal grants for the improvement of the Malnad areas a special body like the Malnad Improvement Committee would be necessary to formulate detailed schemes and carry them out in the manner most suited to local conditions. If however the financial aid to be granted by

Government

Government should be very limited there would be no justification for a Special Committee like the Malnad Improvement Committee. In any case they thought that it was beyond the present resources of the District Board to undertake the maintenance of the large number of hospitals, roads and other ~~improvement~~ improvement measures recently sanctioned under the Malnad Improvement Scheme.

3. A copy of the resolution of each of the two bodies is enclosed for information.

Letter No. D.2.Dis. 50. Rev. 20-21 dated 17th July 1920 received from the Sub Division Officer, Sagar, suggesting certain proposals on the subject.

R e s o l u t i o n

Mr. S. R. Balakrishna Rao urged the necessity of reviving the scheme as originally sanctioned and of having a separate agency for effecting improvement works and expressed that he would send a note regarding his suggestions.

It was unanimously resolved that after the receipt of the said note on the subject, a recommendation may be sent up on the lines

lines suggested in the note and also for allotment of larger sum. In case the Government are not preared to accept it, the proposals of the Sub Division Officer, Sagar may be adopted as an alternative.

R e s o l u t i o n.

The Scheme to be adopted depends on the policy of Government regarding Malnad Improvement generally. If substantial grants are to be given to the districts for improvement purposes, a special Committee like the Malnad Improvement District Committee would be quite necessary. But if the allotment of funds is to be on a restricted scale it will be possible to amalgamate the functions of the Malnad Improvement Committee and the District Board. In any case it does not seem possible for the District Board, having regard to its present resources to take up the entire maintenance charges of all the improvement measures initiated and carried out from Malnad Improvement Funds.
